新しい年を迎えて2巻が発売されました。待って頂いた読者の皆さんには感謝の気持ちと同時に、待たせてしまって申し訳ないという気持ちでいっぱいです。改めて思ったのですが、隔月連載は本当微妙なペースですね…それでも毎回雑誌が発刊する月に向かって一所懸命原稿に没頭する林と李であります。この巻では1巻で活躍が少なめだったカンナの活躍が見られますので、彼女が好きなファンはちょっと嬉しい巻になっているのではないでしょうか？　勿論レナや他のキャラクター達も相変わらず頑張ってますけど(^^)

本当に久しぶりに出る2巻です。キルタイムコミュニケーションで発売されている『アンバランス×2』も順調のようで、こちらのファンの皆さんの支えもあり、『鬼姫VS』も頑張って執筆しております。『鬼姫VS』は発刊周期が少し長いのが気になりますが、皆さんが根気強く首を長くして待ってくれていることを信じて、今日も一所懸命原稿に励んでおります!!

第一王家皇女姉妹の優雅　加減、ここに極まれり――

First Princess Kanna, Second Princess Rena!

The time has finally come to pay you back for all that you did to me when we were kids.

What is this, some kind of grudge?

A grudge...?

!

What'd we ever do to you?

I guess it comes with being the ones in direct line to [illegible]

?

You guys [illegible] like that!

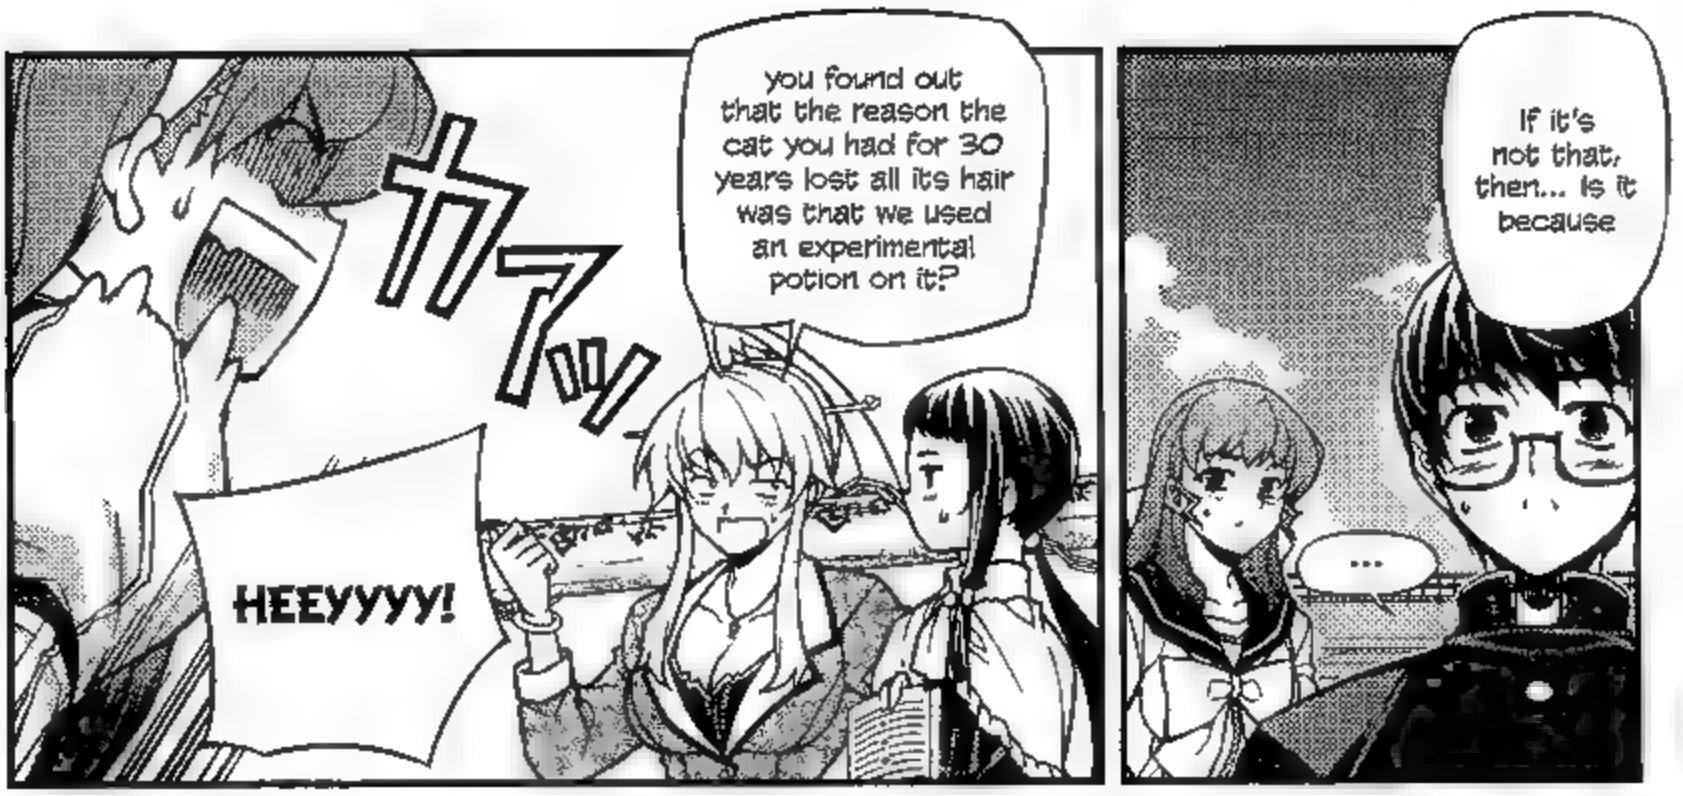

You injure people without thinking twice, and put them through pain indescribable with words!

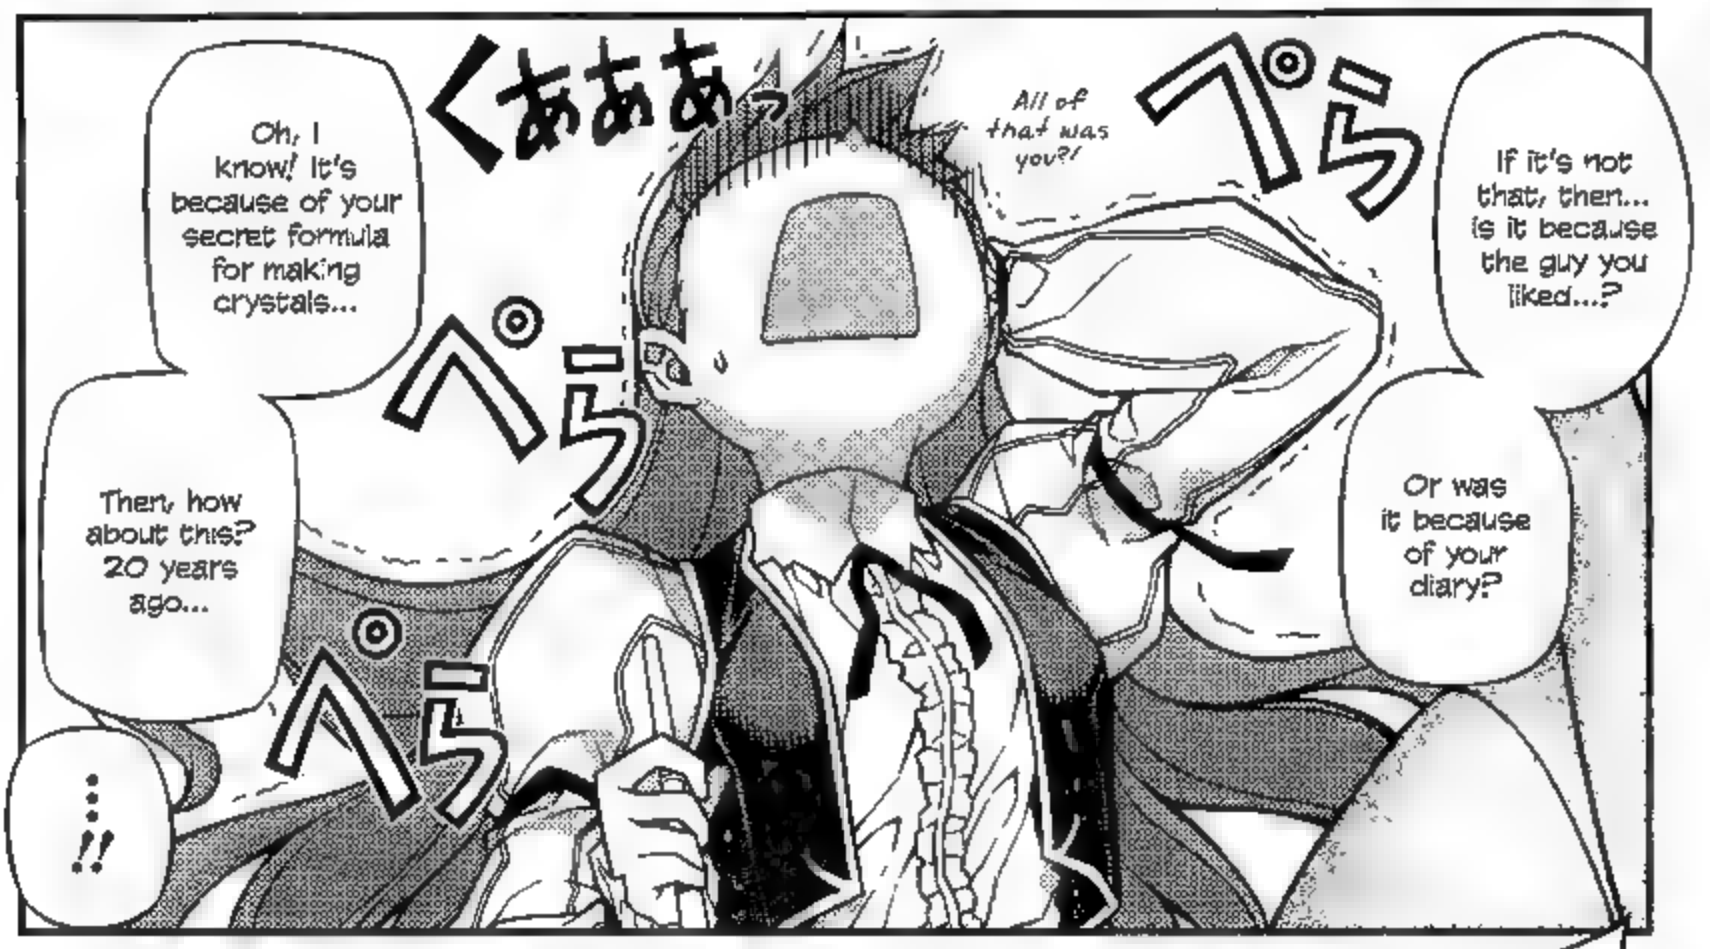

I'm here to let you taste at least a little of that pain!

You rotten little [illegible]!

ドクッ

sweat potatoes, and I used the first book I laid eyes on to start the fire.

you found out that the reason the cat you had for 30 years lost all its hair was that we used an experimental potion on it?
HEEYYYY!
If it's not that, then... is it because
...

Oh, I know! It's because of your secret formula for making crystals...
くあああっ
All of that was you?!
プラ
If it's not that, then... is it because the guy you liked...?
Then, how about this? 20 years ago...
Or was it because of your diary?
...!!

I'm not bitter over something so trivial!
Though those are all part of it!
It's something much bigger than that!
It's the root of all this!

!
It wasn't because of something so small!

ドキ

ドキ

WE WERE STILL

ドキ

ONI WORLD

Finally, tomorrow is our trip!

Are you so excited that you haven't been able to sleep?

I wouldn't go that far.

Oh!

I never got to go on a trip before I moved here...

So I'm really looking forward to it...

Since tomorrow is Hina's first trip,

let's give her the seat of "flower princess". We'll tell everyone to play along.

That's right, the weather-man said it might rain tomorrow.

!

K-Kana-chan, Rena-chan..

We're real princesses, so we play princess every day.

Thank you

OK

Oh, I just had a good idea!

Is there a way to keep it from raining?

If Hina's trip ended badly 'cause of rain...

This is an incantation I heard about when studying in the human world!

The day before a trip, they tie up one human and have them chant to the sun asking for a good day!

Who will be our priestess and pray for a good day tomorrow?

Now, which of us is going to do the chanting?

Hina will do it!

You're tomorrow's princess.

You'll do it, right, Hina? This is so we can all have a good day tomorrow.

Hina is such a nice girl. I'm sure the sun will listen to your prayers.

S-Sure...

Come over here, Hina—

O-Okay...

Good, good. I'll tie you up now.

Okay then, Hina.

Stay there and pray like you're supposed to—

We'll come get you after we eat dinner.

Okay.

I wonder what were having tonight? I cant wait!

Huh

Huh?!

THE NEXT DAY

はっ

SO-

AT

はあ

SOMEBODY HELP ME...

ドン

ドン

ドン

ドン

ドン

ドン

ドン

ドン

But I was on the verge of dying from dehydration!

Of course you wouldn't remember it!

That's awful!

They're devils

I don't recall an—

and went on the trip without a care in the world.

はは

You left me hanging up there.

Even though we're family, no matter how much I'd complain, your royal status dwarfed my own.

Even when something totally ridiculous happened, I could only keep it to myself...

きりっ

If I started bringing up all the things you guys did to me when we were young, we'd be here for decades...

But still, you two are the rightful heirs to the throne

Dad!

Mom!

Until that day

The very same! The honor that only ten in the entire civilized world can hold!

The first-ever test for the open sage's seat!

Isn't that the one that lets you walk beside the king because of your magical prowess, the highest position a noble can have?

Take a look at this! It's finally started!

The certificate of the easiest on my life's goal, the "Wise Ones" award! With this, I can take the test for the right to be called a sage!

Oooh!

Although I'm part of the royal family, my chances of succeeding to the throne are quite low, and I was never interested in reigning anyway...

きゅっ

But being the one to inherit the wisdom stone from one of the ten sages is my dream

I'll make sure that wisdom stone is mine!

Becoming a sage and entering the royal palace on the strength of my magic has been my dream since I was a child!

No matter what kinds of tough tests are waiting for me, I'll pass them all!

Go for it, Nina!

Fight hard, Nina!

It was my dream ever since I was a child.

I'll become a sage!

I'll get the wisdom stone!

And I really did try my hardest!

I spent the ten years until the test preparing like that!

After passing all the prelims with flying colors, I was ready to take on anything... until that day.

What did you just say?!

The Sage's test that was planned for this year is cancelled?!

the test and ceremony to give the heir the ultimate form are taking place in the human world. And you know about the Banrikou needed for the test, right?

the two princesses have begun the final test to decide which will be the heir to the throne;

...!?

Why are they cancelling it?!

That's crazy! I worked my tail off these last ten years, all for the test!

Well,

requires all the sages' stones, and they were ordered to turn them in to the palace.

ドキ

The production of that Banrikou

ドキ

So until another sage's stone is made...

ガビーン

The current test for it is being stopped.

and the seat that was supposed to be opening is going to be held by a current sage.

ガビーン

Why...

ぶるぶる

Tell me why!

Ever since we were kids, you two have screwed my life over time and time again! How many times do you have to do that before you're satisfied?!

ワナワナ

Why was it NOW, of all times, when the test for a sage's seat was starting, that you decided to do your test too?!

It's not like we did it on purpose.

bad luck?

One of the nice things about this test is that anyone can come and steal the Banrikou *and it won't even be a crime!*

Because if you can't protect it, you're not fit to rule!

Since you guys have to stay in the human world for a year to complete your test,

it's become the best chance in the world for me to get back at both of you!

!

Whether or not this one time is coincidence... I don't even care anymore!

take the Banrikou, and attain the ultimate form!

Listen here! This red princess, Hina, will defeat you white and black princesses.

YOU'LL be getting the short end of the stick!

In other words, *this* time,

She plans to kill Setsuna?!

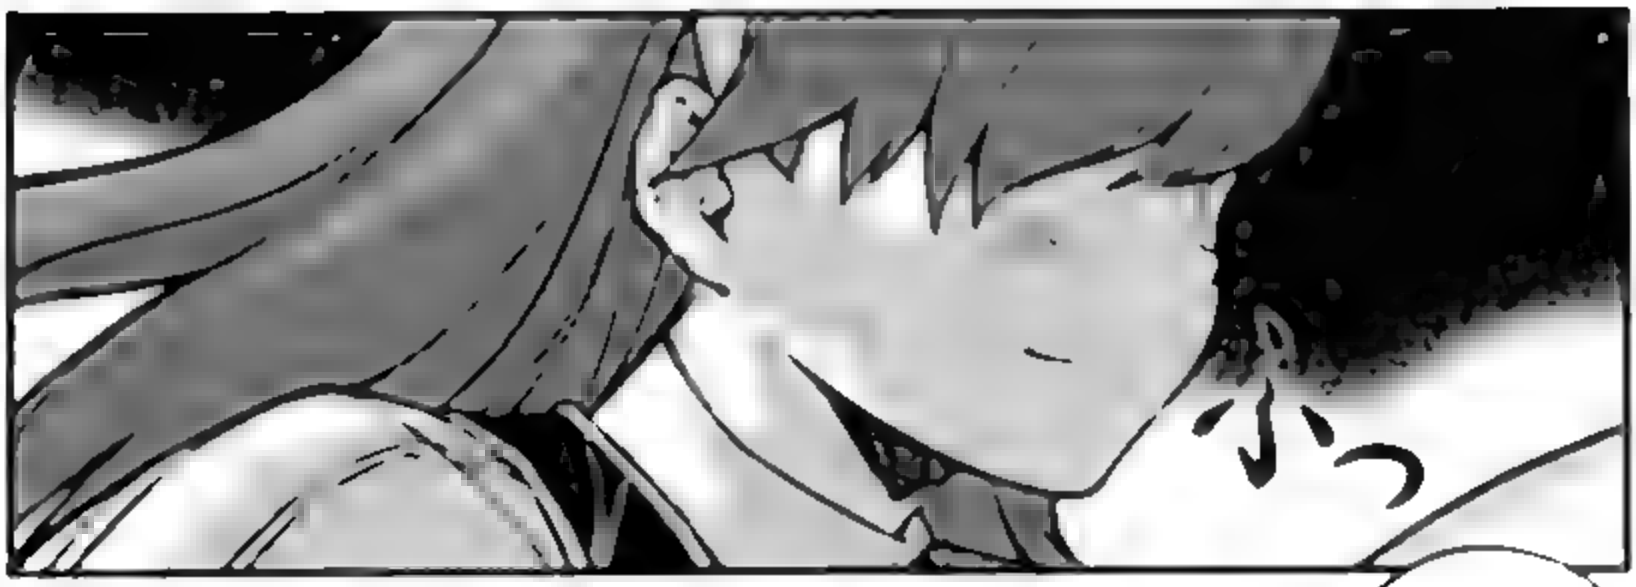

If she plans to take the Barrier that means

Are you actually going to try taking us on, Hina?!

What a joke!

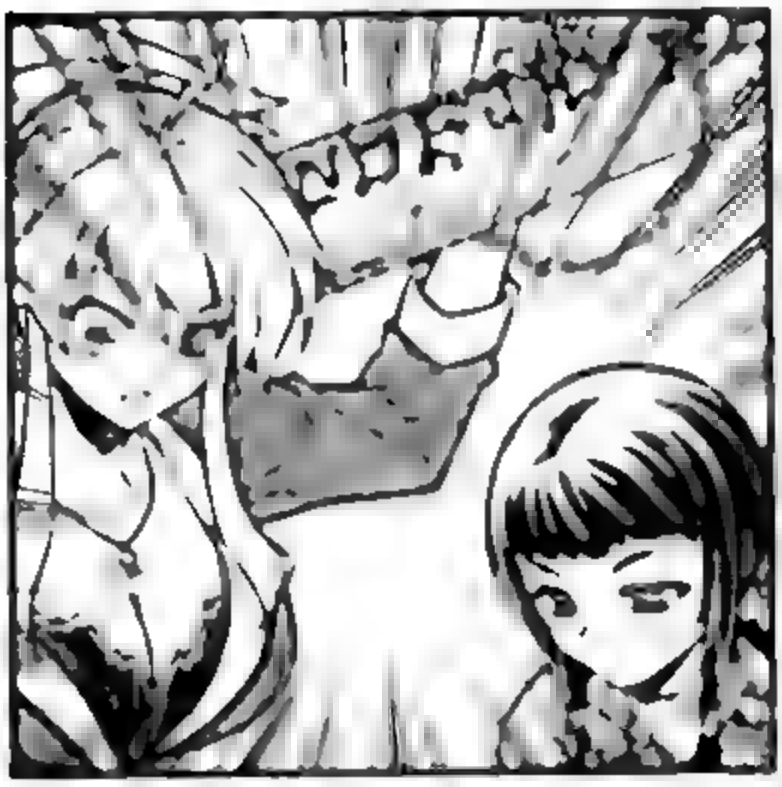

Do you really think you can take on both of us at the same time?

No matter how much of a genius you are, getting selected to be a sage and all...

Take a good look at where you're standing!
!?

Fools... Did you really think I came here with no preparations?
Even though I'm also royalty, I wouldn't fight either one of you alone...

This *whole place* is

The roof...

W-What's this?

encircled by a giant

magical barrier!

And everybody inside it has to meet a certain condition before they can get out!

The barrier spell was made using my own blood!

ウン

You only

realize that now?

!

Putting up a barrier this big took a lot of power and time...

Take a look at that!

A condition?! What are you trying to make us do?!

A crystal ball?

What's that?!

ウーン ウーン

All living things within the barrier will start at 100 and then gradually have their energy drained away.

Once that number reaches 0, they'll get hit with the spell I created.

Our energy and...

emotions?

And what is that ball supposed to do to us?!

That's exactly right, it's the source of the barrier.

What happens is, your energy and emotions fuel the attack spell that hits you at the end of the countdown.

I took years preparing that, just for today. The focus for the spell that only I can use!

You can curse yourselves for being so slow as you await your final moments!

I was thinking it was strange that I didn't feel as powerful as normal... So that's the reason.

ウウ

Hmph! I don't know what kind of spell this is...

But you said that that was the source, right!

So if I just break that ugly ball, nothing else matters!

LIKE I'D LET YOU!

Rena!

ふふふっ

How do you like the fruits of my labor? Now I can take on both of you at the same time!

Are you okay, Rena?!

...

I couldn't put any power into these attacks

My smoke familiars even have names to match you!

#1! Artful Rabbit!

#2! Power Tiger!

leading you foolish sisters to the same kind of humiliation you gave me!

I'll become the ultimate guide...

Smoke familiars?!

The numbers...

They're already that far down?!

スッ

That stupid little goody-goody Hina... It looks like she's made up her mind to see it through, this time.

Tch!

I can feel my power area mas by the second- this s- bar

It was all for this day...

But of course...!

All the humiliation that I felt over all these years... I'll pay you back a *millionfold!*

You don't say...

I believed a day like this would come, as I cried blood experimenting with this spell!

ウウン
!
WE JUST HAVE...

ガガ…

...

Did that hurt?

It hurt

...

What kind of idiot would simply let you out of a trap you walked into?!

The two of you will never get out of this barrier!

!?

Until the spell is complete, you'll stay under my curse!

YOU'RE QUITE A FOOL, WHITE PRINCESS KANNA!

The special curse I made from all my resentment towards you two...

Oh, the years I spent...

Curse?!

The *Brand of Dominion*

is being burned into your bodies!

Brand of Dominion?!

That sounds like it'll hurt.

I was finally able to perfect the curse with blood, sweat, and tears...

Oh yes... Out of the countless old curses, this was one of the few I could read...

This curse forces people to serve the caster as master for as long as they live!

Those who fall under this spell will have to obey the caster for the rest of their lives,

because the branded ones have to receive energy from the caster or they die!

And who's going to fall under this spell?!

None other than you two! You'll be serving me until I decide when to kill you!

and getting the ultimate form in your place!

I'll be taking the Banrikou as well.

The Brand of Dominion...!

I don't remember doing anything bad enough to make you bring something like that out.

This isn't looking good.

Quietly accept your fate, Kanna and Rena!

Resistance is futile!

NOW JUST HOLD ON!

We'll have to beg you for life? That's not going to happen...

Our daily bread

Hurry and put it back!
That's not something a human should be playing with!

You said you were doing this to get Setsuna away from those oni who're controlling him...

So why am I hearing that you want to steal his heart and eat it yourself?!

You lied to me

You little twerp!

You were playing me for a fool!

ひっく

I—I only said that to get them back for all my hardships!

Y-Yeah! It was just an idle threat!

Do you really think I'll fall for that?!

What are we going to do, Setsuna?! Even if we're oni, killing a human like that will get us in some serious trouble!

That's *not* the issue right now! Arima-san is going to die!

Well, yes, I did learn it. .

I DON'T KNOW HOW TO DO IT! BUT YOU LEARNED HOW IN SCHOOL, RIGHT?!

Then that means the spell wasn't broken! It was cast on the wrong person!

Yeah, right! Did you guys suddenly get turned into vampires?!

What on Earth happened to my body?!

Answer *that* first!

And what the hell is going on?!

SHE'S GETTING COLD ANY LONGER AND

H-

Just a little drop will be enough!

Please, just give her a little bit!

I'll give you the full details afterwards!

WHY ARE YOU TRYING TO SAVE HER NOW?!

HELL NO! YOU GUYS WERE ALMOST KILLED BY HER TOO!

ARE YOU AN IDIOT?!

AND YOU'RE ASKING ME TO *SAVE* HER?!

AND ON TOP OF THAT, SHE'S TRYING TO *EAT SOMEONE'S HEART!*

YOU'RE ALSO AN ONI, RIGHT? *ALL* OF YOU ARE!

Ah, Arima-san

YOU'RE NOT HUMAN, SO WHATEVER HAPPENS TO YOU IS NOT MY PROBLEM!

I can't... I can't express myself too well, but...

what you said is absolutely right.

Besides, she knows that you can't take the Banrikou in the immature state that it's in right now...

Her main goal was just to get back at Rena and me...

She wasn't going to kill Setsuna.

But, still, I don't want her to die.

No matter what happens, Hina is still my cousin.

I'm not going to let her die like this

that Kanna-san could make an expression like that.

スウ

I beg of you.

トド

Don't .

Rena!

You guy-

Don't let her die like this!

No matter what you say, I'm ..

W-What are you trying to do?!

Arima-san.

Please don't let her die

I'm asking you too...

NOW I LOOK LIKE THE VILLAIN!

COME ON, WHAT IS THIS?!

Do you understand what this means, Setsuna?! That shrimp was trying to steal your heart!

And yet you still want to

[illegible]

So I'm sure it's all right

Karina-san and Rena-san [illegible]

Fine.

Okay, Rena.

However! It's only a single drop! You hear me? *ONE!*

I'm not giving her any more than that!

Thank you!

HELL NO! STOP HER! *I CHANGED MY MIND!*

Whoa, whoa, whoa! You don't plan on using your *sword*, do you?! You only need to cut my fingertip a little!

Don't worry. If Rena uses her abilities, the cut will heal instantly.

Calm down, it's not that bad.

もぐ

Ahnn, that was good.
By the way,
Right, Rena?
Because we used up so much of our power today, we ate more than normal.

W-What is this?
What are these clothes for?

Are you kidding...

I'M A PROUD NOBLE! LIKE I'D EVER DO *HOUSEWORK!*

Excuse me?!

From now on, all the chores are your job.

Well, it does look pretty good on you.

That's a pretty good deal in return for me having to look after you, right?

IF IT WEREN'T FOR MY BLOOD, *YOU* WOULD BE *DEAD!* WHY ARE YOU GETTING ALL UPPITY NOW?!

FUGA?!

Hey! What happened? What's this smell?!
And what are you burning?!
Do you need to make such a big mess to make this thing?
Do these look like ingredients to you? If it were that simple to make, I wouldn't be here
To find a way to remove this seal!
Do you need to ask?
Ah
It was an experiment
Experiment? For what?
Hurry up and get everything ready!
YOUR POINT? Having three square meals a day is more important!
Waaah That hurts! Okay, fine... I'll do it!
Speaking of ingredients,
why haven't you made breakfast yet?
Can't you tell by looking? I've been up all night trying to get this experiment to work...

You have such a huge collection of strange-looking potions
Isn't there anything that works in here?
Oh, this looks like it would work.
It has a pretty cheesy title to it
That's called charm
The one you're holding is for males
I didn't bring the female one with me.
It's nothing that rare. It's a potion that makes the person who drinks it fall in love with the first person they see.
That's right, but males ONLY!
If by any chance a female drinks it, they'll get hit with a terrible side effect.
If someone drinks this, they'll fall for me, too?

Excuse me?!

What was that?
Shirohime Kanna drank the potion!?

Kanna lost her memories?

So, can you do anything about it?
Huh?

Yup, and on top of that, the side effect is memory loss.

Since you made the potion, you should know how to fix it, right?

The side effect.

Oh yeah...! I can't believe I had to dance like a puppet because of your BS!

My BS?

I just kinda, sorta feel it's my fault she's like that! Also, she's his guest...

Okay then, we'll go tomorrow after school.

You do have a good side to you after all!

I'm back!

Welcome back, Miiay-san.

On the way back, I bought ingredients for Nabe. Kanna-san, you like that right?

I don't remember what it is, but I probably did.

I'll help out!

Setsuna will also be home soon, so I'll prepare the food.

I forgot we were out of soy sauce.

I can't believe what I just did.

I'll have to go back for it.

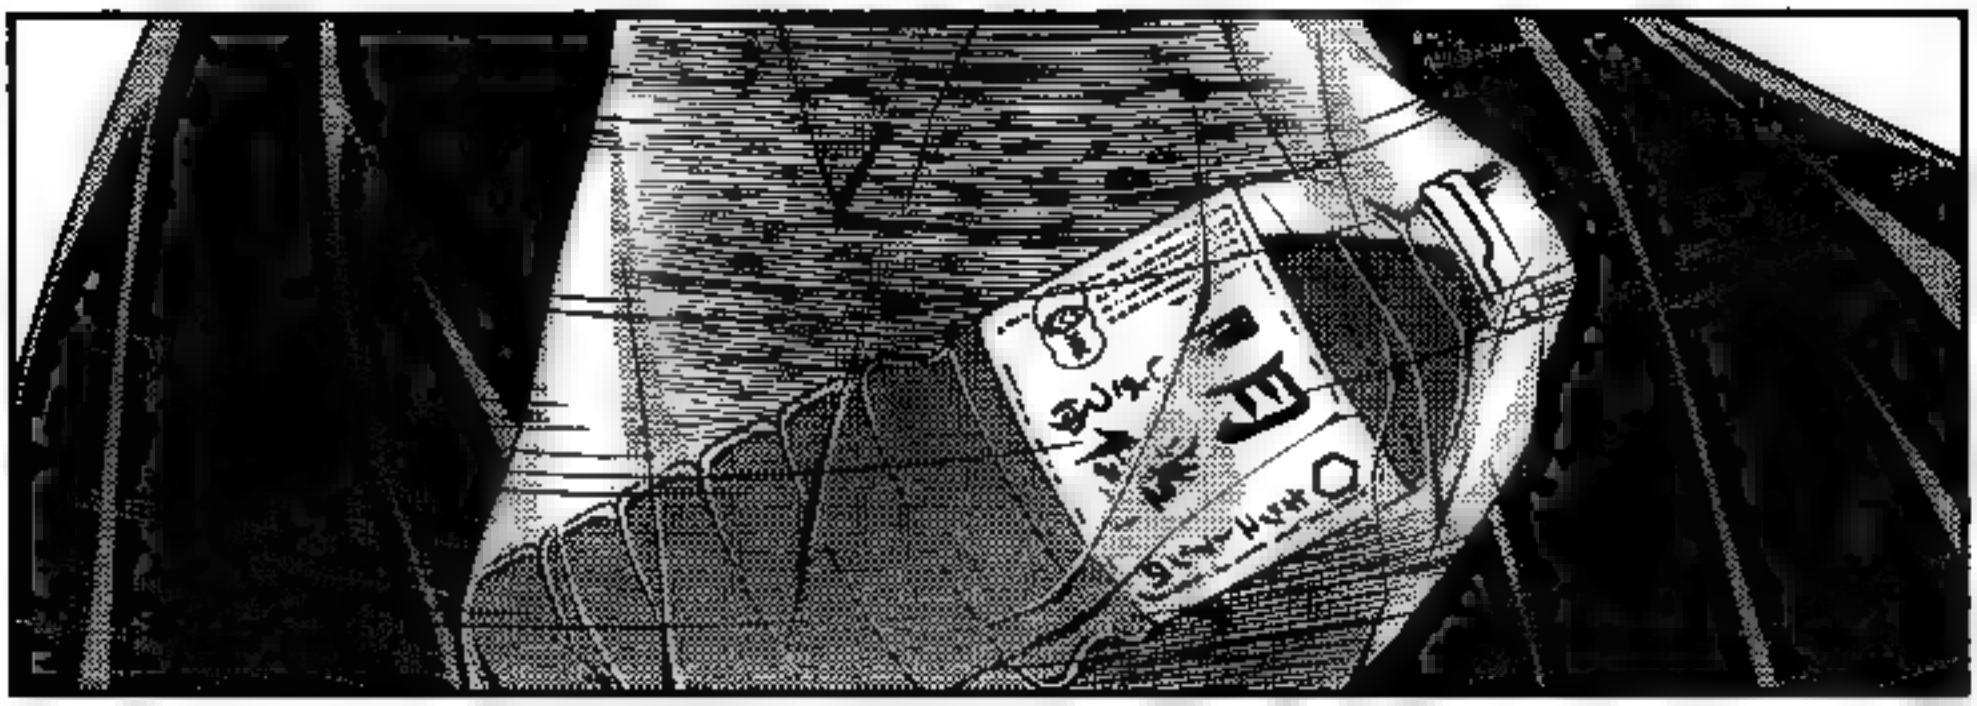

If that's the case, I can go.

Hmmm. .

There really isn't anything else wrong with your body.

But memory loss is quite troublesome.

...

But this was caused by the side effect of a potion, so I seriously doubt it

If it were due to an outside force, that might work.

Oh...

Isn't there some kind of cure, Hina-san?

Like if enough time passes, her memories come back...?

...

Then what should we do?

Is there no other way?

That's right. This side effect was the cause of the original potion, so making a counter potion to the ingredients that were in it should work.

A counter potion?

There is a counter potion.

ooo!

Then make that potion right away, please! You can do it, right, Hira-san?

それがせ

It is possible, but

You don't have the proper ingredients!?

ぽい

Wha...!?

However, the final ingredient to make this counter unfortunately does not exist in the human world.

Since Karma is under the effects of the potion,

using a counter to the original should have the best effect, right?

In the human world there's something called "all purpose grass."

That plant's root can be used as a substitute to the plant that's normally used in the oni world.

If we can get a hold of this, I can make a potion that's about 90% close to the original.

Does that mean there's nothing we can do?

Let me finish, I never said there's nothing we can do.

!!

Then let's hurry and get it!

Where does this "all purpose grass" bloom!?

You were just trying to show off that you already had a back up plan ..

It grows wild in an area close to the Asama hot springs!! I've already looked it all up!!

Huuh!? You plan on using my vacation house?

Really, that makes things a lot easier!! Lets make that our base of operations.

We can make a full trip out of trying to find the "all purpose grass."

Oh yeah, I have a vacation house close to the Asama hot springs

うむ～

What's the point of paying for something when you don't have to? Especially considering how close it is...
